

REVIVE COSMETIC CENTER

WHERE HEALTH, BEAUTY & TRANSFORMATION MEET

(SOUTH AMERICA, CENTRAL AMERICA & CARIBBEAN)

Regenerative Medicine

Stem Cell Therapy

Uses repair cells to reduce inflammation and restore tissue for arthritis, injuries, skin aging, and hair thinning.

Platelet-Rich Plasma (PRP)

Concentrated platelets heal and rejuvenate, addressing hair loss, early arthritis, and acne scars.

Hyperbaric Oxygen Therapy

Breathing pure oxygen in a pressurized chamber to accelerate healing, boost energy, and improve mental clarity.

Pain & Neuroscience

Image-Guided Pain Relief

Precise procedures targeting painful nerves and joints for conditions like back pain, arthritis, and headaches.

Esketamine Therapy (SPRAVATO®)

An FDA-approved nasal spray for treatment-resistant depression, offering rapid mood improvement.

Psychedelic-Assisted Therapy

An emerging, supervised therapy studied for trauma, PTSD, and severe depression.

Medical Aesthetics

Botox® & Dysport®

Injections to relax muscles, effectively smoothing wrinkles for a refreshed look.

Dermal Fillers

Hyaluronic acid gels restore lost volume in areas like lips and cheeks for a youthful appearance.

Skin Tightening & Resurfacing

Advanced treatments like Ultherapy®, Morpheus8®, and CO2 laser for firmer, smoother skin.

PRP & Exosome Boost

Regenerative therapies with microneedling to revitalize dull skin, treat scars, and address hair thinning.

Dermatology & Hair

Hair Transplant (FUE/FUT)

Surgical relocation of hair follicles to restore a fuller, natural head of hair for pattern baldness.

Laser Skin Therapy

Targeted light therapies to correct dark spots, scars, and redness for clearer, more even skin.

Wellness & Recovery

IV Wellness Infusions

Customized blends of vitamins and hydration to combat fatigue, boost immunity, and enhance recovery.

Luxury Recovery Suites

Private, medically supervised spaces for post-surgery healing and stress reduction.

Intimate Wellness

Aesthetic gynecology options for vaginal dryness, pelvic weakness, and incontinence.

Dentistry & Smile Design

Implants with Digital Guidance

3D-planned dental implants to replace missing teeth, restoring a natural smile and chewing function.

Cosmetic Dentistry

Services including veneers, whitening, and Invisalign® to achieve straighter, brighter smiles.
